Smith, who resigned his ceat in Congress because he had not sense enough to represent his constituents, and who is said to have died in Richmond, in 1888.

In your comments you say that you never before heard of this distinguished gentleman; and you refer to the case of Mr. John Ambler Smith.

Mr. John Ambler Smith,
It may not be uninteresting to recall
the fact that the people of Richmond
and of all Virginia were once well acquainted with a very "distinguished gentleman" by the name of William A.
Smith. He never was a member of Congress, and would not have allowed himself to be sent there. Had he done so,
he would have adorned that important
body, and probably been one of its leaders.

He was born in Fredericksburg, Va., in 1802, and did die in Richmond, in 1879—not 1888. He was one of the most prominent and most trusted of the ministers of the and most trusted of the ministers of the Methodist Episcopal Church, South, and was pastor of churches of that denomination in Petersburg, Richmond, Norfolk, and Lynchburg, and in St. Louis, Mo. In Richmond he edited for several years the Christian Advocate, and was noted for his ability and force, both as a writer and a speaker. He was styled a Boancraes. Moreover, he was the president of Randolph-Macon College, in which he filled the Chair of Moral Science for near twenty years; and, after his refor near twenty years; and, after his re-moval from the pastorate of Centenary church in St. Louis, to Missouri, he was

church in St. Louis, to Missouri, he was transferred to the presidency of Central College, at Fayette. Circumstances led me to become well acquainted with him, and to esteem him highly as a man of great ability and fine character. B. B. M.

RALLY OF THE FORTY-FOURTH.

Survivors of This Regiment to Meet at Columbia September 4th.

spectfully and cordially invited to meet at Columbia, Fluvanna county, Va., Mon-

at Columbia, Fluvanna county, Va., Monday, September 4, 1896. I mean all that can come, regardless of those who joined other commands or were detached in other places. I want to see their dear, old faces, and talk over our first engagements at Rich mountain, Green Brier, Crab Bottom, High Town, etc.

I will endeavor to give you the names of the officers. If I make mistakes we can meet and talk it over: Our first colonel was William C. Scott—that good, true, and brave man, always true to his mon. He would not allow any one to impose on them, and was always looking after their comfort. Our lieutenant colonel, J. L. Hubbard, was very quiet, and would not stand for re-election. Major impose on them, and was always looking after their comfort. Our lieutenant colonel, J. L. Hubbard, was very quiet, and would not stand for re-election. Major A. C. Jones left very suddenly, and we did not have an opportunity to find out much about his bravery. We had the Hon, Judge Farrar for our quartermaster. He did not remain long; but he is doing some good work for us yet. Your humble servant was the quartermaster.

Things can that way until the reor-ganization, in 1862, at West View, seven miles west of Staunton, and we made some changes: Captain Norvell Cobb, of Company G, was elected colonel; Cap-tain T. A. Buckner, of Company C, was made lieutenant-colonel (as brave as Julius Caesar, and killed at Spotsylvania Court-banes); Captain Parkid Anderson of Comhouse): Captain David Anderson, of Company K, who was made major, is still happy, and is the Treasurer of Fluvanna county. By his pluck and courage he carried the few remaining brave boys to

the end of the war.

Below you will see why I take a deep interest my old and young comrades. I believe I had the good will of all the officers and privates, and I left no stone unturned, and at all times did I endeavor to contribute to the comfort of all. As they had urged and requested that I should hold an office (the outside world might term an easy place in the army);

Almost a Tragedy.

WHEELING, W. VA., July 24.—Yesterday John W. Heiskeli, a prominent business-man, whose establishment was closed to-day by the Sheriff, while apparently insane attacked J. W. List and attempted to shoot him. He only failed by a cartridge dropping in the chamber of the revolver, which prevented an explosion. List had befriended him in business.

### NEGROES DESTITUTE.

Desperate Condition of Deluded Colonists in Mexico.

MESQUITE BEANS AND WATER.

This Is All They Have with Which to Sustain Life-in Addition They Are Afflicted with Contagious

WASHINGTON, July 24.-A serious condition of affairs exists in the negro colony in Mexico. Mr. Sparks, the United States Consul, to-day sent a telegram on the subject to the State Department. He says the negroes have left the colony in a body, and that a number of them are located in a camp under the surveil lance of Mexican soldiers. Some of them in the camp are afflicted with contaglous diseases, and altogether their condition is deplorable.

The colonists are lall from Georgia and Alabama, whence they emigrated after being given glowing accounts of the fertility and fruitfulness of the concession granted their organizer, a negro by the Mexican Government. No action in the matter has been taken yet by the State Department.

NO FUNDS AVAILABLE The State Department officials this af-All the surviving members of the old forty-fourth Virginia Regiment are respectfully and cordially invited to meet

cases - contagious disease among them. The Mexican police were preventing them

FROM CONGRESSMAN BANKHEAD The State Department has also received a letter from Congressman John Bankhaud, of Alabama, asking if the government can assist in bringing back to their homes the colony which left Alabama and other Southern States about a year ago, and who are now, he says, dissatisfied, destitute, and unable to return unaided.

afford some relief to the colonists, and has instructed the Consul at Piedras Ne-gras to render all assistance that he can properly render, and to report prompt-ly any serious developments.

TREATMENT OF COLONISTS.

TREATMENT OF COLONISTS.

The charge d'affaires of the United States in the City of Mexico has also been informed of the state of affairs reported by Mr. Sparks, and has been instructed to inquire into the treatment that the colonists were receiving.

No funds are available to the department which can be applied to destitute American citizens, other than seamen in foreign countries, or to provide for their transportation home, and Consul Sparks has been so advised, as have also those who have made inquiries concerning the

# COLD WATER vs. HOT WATER

## RHEUMATIC GOUT.

A CITIZEN OF HOT SPRINGS, ARK., AFTER A FAILURE OF THE HOT WATERS, IS RELIEVED AT BUFFALO LITHIA SPRINGS.

Proprietor of Buffalo Lithia Springs, Va.:

DEAR SIR:—I cheerfully place at your disposal the following statement, showing the remarkable benefit which I have derived from the Buffalo Lithia Waters:

my physicians pronounced Rheumatic Gout. For fourteen consecutive months I used the baths at the Hot Springs, Ark., and subsequently visited many other of the noted mineral resorts of the country, but without finding any relief.

Chalky deposits formed in most of my joints, I was unable to walk or to use my hands. Four months ago to-day I arrived at these Springs, and was for some time after an interpretation of the country. Only the second of the country of the country, but without finding any relief.

Chalky deposits formed in most of my joints, I was unable to walk or to use my hands. Four months ago to-day I arrived at these Springs, and was for some time after an interpretation of the country. Only the country of the country. Only the country of the countr For several years I was an intense sufferer with what

able to walk or to use my hands. Four months ago to-day I arrived at these Springs, and was for some time after confined to my bed. At the expiration of six weeks slight improvement was perceptible, the chalky deposits began to disappear, and I have continued to improve to the present time, and to an extent that I consider, under the circumstances, almost marvellous, the chalky deposits having almost disappeared. I am now in vigorous general health, and walk readily and actively, walking often several miles over the surrounding hills, and am able to use my hands in dressing myself and at the table, which I was not able to do previous to coming to the springs.

You are doubtlessly aware of the fact that my case has attracted unusual attention among your many guests from all

attracted unusual attention among your many guests from all parts of the country. Yours very respectfully,

CHARLES BERNASCHINA, of Hot Springs, Ark.

NEW YORK STOCK MARKET. NEW YORK STOCK MARKET.

NEW YORK, July 24.—Business at the
Stock Exchange was less active to-day
287,748 shares, against 343,64 shares yesterday, changing hands. The bond market, however, was decidedly more active,
42,914,000 changing hands, of which 31,844.—
600 were Atchison issues. Boston houses

22.914,000 changing hands, of which \$1.84...

500 were Atchison issues. Boston houses were the largest buyers of these bonds. The market ruled firm until the last hour, when the sharp rise in wheat, due to reports of crop-damage, led to a general reaction in prices. In the early dealings Reading, Jersey Central, the Grangers, and the Trunk line shares were all in demand. Reading was advanced to 181-4 on heavy purchases. The story was that the Earle-Olcott committee were

to 1814 on heavy purchases. The story was that the Earle-Olcott committee were about ready to announce material progress in the work of reorganizing the property, but the counsel of the committee subsequently denied this.

People in touch with the coal trade ignored these statements, and said the real reason for the firmness of the Anthracite coalers was the progress making for the establishment of the industry on a paying basis. The work is being conducted quietly, however, and the street will probably not hear of it until the matter is finally and definitely adjusted.

adjusted.

The Grangers were again bought by in-The Grangers were again bought by in-siders, and all toucher higher figures. In the Industrials, Sugar and Chicago Cas were strong early in the day, but weak at the close. Leather was strong throughout, and advanced 11-4, to 177-8 for the common, and 31-2, to 88, for the preferred. The rise in the stock was due to the covering of a latent short in-terest.

erest. Sugar first rose to 1143-8, on buying Sugar lists of the law wall-street interests, and then returned to 1125-8. Chicago Gas sold up to 58, and later receded to 561-85553-8. The gain at the start was due to unconfirmed rumors that the company had discovered a way to pay dividends without the law to pay dividends without the law to pay the law

In the last hour the reported damage In the last hour the reported damage to spring wheat led to sales to realize profits, and prices ran off 1-4 to 13-4 per cent. The closing was rather weak. Net changes show losses of 1-467-8 per cent. The Anthracite coalers, however, gained 1-8 to 1 per cent. Leather preferred gained 2 and New England 3 3-8 per cent. on the day. The largest transactions were Sugar, 56,800 shares; Reading, 47,700; Chicago Gas, 35,100; Atchison, 29,100, and St. Paul, 15,500. and St. Paul, 15,600. were unusually active and

frong.

The sales of listed stocks aggregated \$,000 shares, and of unlisted stocks,

Sterling exchange firm, with actual Sterling exchange firm, with actual business in bankers' bills at \$4.89.1-4 for sixty days, and \$4.9634-20-1-4 for demand. Posted rates, \$4.89.1-20-34.901-2. Commercial bills, \$4.88634.883-4.

Government bonds easier. State bonds quiet. Railroad bonds strong. STOCK QUOTATIONS.

CHICAGO, ILL., July 24—A gain of 45-89/43-bc, for wheat in a single session is samething out of the ordinary. That, however, was the record of to-day's trade in that cereal. The first boom came upon the market so suddenly, and the advance was accomplished with such great celerity, that "the shorts" found themselves in an extremely uncomportable position, and that "the shorts" found themselves in an extremely uncomfortable position, and were for a time dazed. Right at the close a second bulge took place, and whilst it was equally as rapid as the earlier one it was in a measure looked for and occasioned less surprise. A great quantity of wheat was "put" at the close yesterday, the short interests being therefore enlarged. When the early spurt was over the market assumed a quieter appearance, but the undertone was strong, and it took but little buying to start the panicky condition.

but the undertone was strong, and it took but little buying to start the panicky condition.

September wheat opened at from 681-4 to 681-2c, advanced to 72c, and closed at 121-4c, -43-461-5-8c, higher than yesterday. Cash wheat sold at a 3c, advance, the nominal close being 41-2c, higher.

Corn drew its firmness from wheat, but at no point in the session gave evidence of breaking the bounds of moderation. The trade was local and scalping, and operators, whilst perfectly willing to help along an advance, were nevertheless deterred by the bright crop prospects.

Sentember corn opened at from 41-2 to 41-4c, advanced 1-2c, and closed at 44-3c, -1-2go-sc, higher than yesterday. Cash corn sold at a 1-2c decline, but firmed later and closed at steady prices. Oats were in their dull and usual uninteresting state. Wheat overshadowed overything eige, and only the habitual traders in oats had anything to do with that market. Prices, by their relationship and sympathy with other grains, were firm. September oats closed 1-2g-5-8c, higher than yesterday. Cash oats were 1-2g-3-4c higher for old.

Provisions-Product held up very well to-day, the ability to do so coming from the bull sectiment, by which wheat was governed. The first inclination was to decime under the ill-effects of another loss in hog receipts. The downward course was finally checked. September pork closed 71-2c, higher; lard and ribs each a shade higher than yesterday. Domestic markets quiet and easy.

The leading futures ranged as follows:

any previous day this week, and more good tobacco. Prices were somewhat off on low grades, but stronger for the better grades, for wrappers especially.

Among visitors here to-day we note Messrs W. T. Meadows, Louisburg, N. C.; C. C. Dula, Danville, Va.; E. D. Christian, New York; T. E. Hodges, Danville, Va.; and J. S. Thomas, South Boston, Va.

Good sales to-morrow.

Mr. Meadows, in speaking of the crop around Louisburg, N. C., says Franklin, Wake, and Chatham counties will have the best tobacco crops in the section this your, and probably in North Carolina. Half of the crop is late, but with very favorable weather it may turn out a good one. From present prospects about half of the crop will be fairly good.

Mr. W. A. Smith, of the Virginia Tobacco Company returned from Europe to-day.

Labor Leaders Defeated-Sir Wil-

liam Vernon Harcourt Returned. Liam Vernon Harcourt Returned.

LONDON, July 24—Last night the standing of the various parties in the House of Commons was as follows: Conservatives.

309; Unionists, 55; Liberals, 129; McCarthylies, 56; Parnellites, 9.

Among the defeated candidates are the Labor leaders from Mann and Clem. Wards, who shared the fate of many of their fellows. Mann ran as an independent Labor candidate in the Colney Valley District of Yorkshire, and had as opponents Sir J. Kelson, the Liberal representative, and Sir Holmes Thomas, Unionist. The Liberals won with a smaller majority than in 1892, and Mann was third in the race.
